

Microvast Joins Russell 3000® Index

June 27, 2022

STAFFORD, Texas--(BUSINESS WIRE)--Jun. 27, 2022-- Microvast Holdings, Inc. (NASDAQ: MVST) ("Microvast" or the "Company"), a technology innovator that designs, develops and manufactures lithium-ion battery solutions, today announced that it has joined the broad-market Russell 3000® Index in connection with the 2022 Russell indexes annual reconstitution.

"Inclusion in the Russell indexes marks an important milestone for Microvast as a publicly traded company," said Sascha Kelterborn, President of Microvast. "We also believe that inclusion in the Russell indexes will broaden awareness of Microvast within the institutional investor community and open up a new category of potential investors. We welcome the increased visibility as we continue our efforts to drive value for our shareholders."

Membership in the U.S. all-cap Russell 3000® Index, which remains in place for one year, means automatic inclusion in the large-cap Russell 1000® Index or small-cap Russell 2000® Index, as applicable, as well as the appropriate growth and value style indexes. FTSE Russell determines membership for its Russell indexes primarily by objective, market-capitalization rankings and style attributes.

Russell indexes are widely used by investment managers and institutional investors for index funds and as benchmarks for active investment strategies. Approximately \$12 trillion in assets are benchmarked against Russell's U.S. indexes. Russell indexes are part of FTSE Russell, a leading global index provider.

For more information on the Russell 3000® Index and the Russell indexes reconstitution, go to the "Russell Reconstitution" section on the FTSE Russell website.

About Microvast

Microvast is a technology innovator that designs, develops and manufactures lithium-ion battery solutions. Microvast is renowned for its cutting-edge cell technology and its vertical integration capabilities which extend from core battery chemistry (cathode, anode, electrolyte, and separator) to modules and packs. By integrating the process from raw material to system assembly, Microvast has developed a family of products covering a breadth of market applications, including electric vehicles, energy storage and battery components. Microvast was founded in 2006 and is headquartered near Houston, Texas. For more information, please visit www.microvast.com or follow us on LinkedIn or Twitter (@microvast).

About FTSE Russell

FTSE Russell is a global index leader that provides innovative benchmarking, analytics and data solutions for investors worldwide. FTSE Russell calculates thousands of indexes that measure and benchmark markets and asset classes in more than 70 countries, covering 98% of the investable market globally.

FTSE Russell index expertise and products are used extensively by institutional and retail investors globally. Approximately \$20 trillion is currently benchmarked to FTSE Russell indexes. For over 30 years, leading asset owners, asset managers, ETF providers and investment banks have chosen FTSE Russell indexes to benchmark their investment performance and create ETFs, structured products and index-based derivatives.

A core set of universal principles guides FTSE Russell index design and management: a transparent rules-based methodology is informed by independent committees of leading market participants. FTSE Russell is focused on applying the highest industry standards in index design and governance and embraces the IOSCO Principles. FTSE Russell is also focused on index innovation and customer partnerships as it seeks to enhance the breadth, depth and reach of its offering.

FTSE Russell is wholly owned by London Stock Exchange Group.
