

Microvast Reports Third Quarter 2022 Financial Results

November 10, 2022 9:10 PM EST

HOUSTON--(BUSINESS WIRE)--Nov. 10, 2022-- Microvast Holdings, Inc. (NASDAQ:MVST) ("Microvast" or the "Company"), a technology innovator that designs, develops and manufactures lithium-ion battery solutions, today announced unaudited condensed consolidated financial results for the third quarter ended September 30, 2022 ("Q3 2022").

"We are pleased with our third quarter performance, delivering year-over-year revenue growth despite continuing difficult market conditions in Europe, customer supply chain challenges, and currency headwinds," said Sascha Kelterborn, Microvast's President and Chief Revenue Officer. "Moreover, we are very excited about the opportunities ahead of us, including a \$200 million U.S. Department of Energy grant to help fund a new polyaramid separator facility, in collaboration with General Motors. In addition, our new Energy division recently announced an industry-leading 4.3MWh battery energy storage container. This inaugural product offering is already generating considerable interest."

"During the quarter, we secured \$111 million in project financing, which will support our ongoing capacity expansion efforts as we execute customer orders across commercial vehicles and energy storage markets," said Craig Webster, Microvast's Chief Financial Officer. "The Inflation Reduction Act has broad reach throughout the battery value chain and seeks to propel the US as a leader in tackling climate change and addressing the challenges of transitioning to a sustainable economy. This ambitious legislation is expected to drive significant value for Microvast as we rapidly expand and scale our US business."

Results for Q3 2022

Microvast generated revenue of \$38.6 million in Q3 2022, compared to \$36.9 million for the third quarter ended September 30, 2021 ("Q3 2021"), an increase of 4.7%.

Gross profit was \$2.0 million in Q3 2022, compared to a gross loss of \$35.9 million in Q3 2021, resulting in a 102.5 percentage point improvement in gross margin from negative 97.3% in Q3 2021 to 5.2% in Q3 2022. Non-GAAP adjusted gross profit was \$4.0 million in Q3 2022, compared to non-GAAP adjusted gross loss of \$33.6 million in Q3 2021, resulting in a 101.3 percentage point improvement in non-GAAP adjusted gross margin from negative 91.1% in Q3 2021 to 10.2% in Q3 2022.

Operating expenses were \$39.6 million in Q3 2022 compared to \$78.0 million in Q3 2021. The change in operating expenses was largely due to share-based compensation expense being \$38.7 million lower in Q3 2022 compared to Q3 2021.

Net loss was \$36.5 million in Q3 2022 compared to net loss of \$116.5 million in Q3 2021. Non-GAAP adjusted net loss was \$17.4 million in Q3 2022 compared to non-GAAP adjusted net loss of \$65.1 million in Q3 2021. Non-GAAP adjusted EBITDA was negative \$12.6 million in Q3 2022 compared to non-GAAP adjusted EBITDA of negative \$58.8 million in Q3 2021.

Please refer to the tables at the end of this press release for reconciliations of gross profit to non-GAAP adjusted gross profit and net loss to non-GAAP adjusted EBITDA and non-GAAP adjusted net loss.

Results for the Nine Months Ended September 30, 2022 ("YTD 2022")

Microvast generated revenue of \$139.7 million for YTD 2022, compared to \$85.2 million for the nine months ended September 30, 2021 ("YTD 2021"), an increase of 64.0%.

Gross profit was \$6.8 million for YTD 2022, compared to a gross loss of \$43.9 million for YTD 2021, resulting in a 56.4 percentage point improvement in gross margin to 4.9% for YTD 2022 from negative 51.5% for YTD 2021. Non-GAAP adjusted gross profit was \$12.6 million for YTD 2022, compared to non-GAAP adjusted gross loss of \$41.6 million for YTD 2021, resulting in a 57.8 percentage point improvement in non-GAAP adjusted gross margin to 9.0% for YTD 2022 from negative 48.8% for YTD 2021.

Operating expenses were \$133.4 million for YTD 2022 compared to \$105.3 million for YTD 2021. The increase in operating expenses was largely due to the increased share-based compensation expense of \$16.1 million for YTD 2022 as well as increased headcount and other expenditures to support the Company's growth initiatives and other expenses related to operating as a public company.

Net loss was \$124.5 million for YTD 2022 compared to net loss of \$159.8 million for YTD 2021. Non-GAAP adjusted net loss was \$61.4 million for YTD 2022 compared to non-GAAP adjusted net loss of \$101.6 million for YTD 2021. Non-GAAP adjusted EBITDA was negative \$44.9 million for YTD 2022 compared to non-GAAP adjusted EBITDA of negative \$82.0 million for YTD 2021.

Capital expenditures for YTD 2022 were \$84.7 million compared to \$40.7 million for YTD 2021.

2022 Outlook

Microvast confirms year over year revenue growth for the year ended December 31, 2022 ("FY 2022") is expected to be in the range of 35% to 40%.

The Company's backlog at the end of Q3 2022 was \$140.6 million, an increase of 166.8% compared to \$52.7 million at the end of Q3 2021.

The Company expects capital expenditures for the remainder of FY 2022 to be approximately \$90.0 million to \$120.0 million, which will be primarily used in connection with the Company's ongoing manufacturing capacity expansions in Huzhou, China and Clarksville, Tennessee.

Webcast Information

Company management will host a conference call and webcast to discuss the Company's financial results on November 10, 2022, at 5:00 p.m. Central Time (6:00 p.m. Eastern Time). The live webcast and accompanying slideshow presentation will be accessible from the Events & Presentations tab of Microvast's investor relations website (<https://ir.microvast.com/events-presentations/events>). A replay will be available following the conclusion of the event. Investment community professionals interested in participating in the Q&A session may join the call by dialing +1 (201) 493-6784.

About Microvast

Microvast is a technology innovator that designs, develops and manufactures lithium-ion battery solutions. Microvast is renowned for its cutting-edge cell technology and its vertical integration capabilities which extend from core battery chemistry (cathode, anode, electrolyte, and separator) to modules and packs. By integrating the process from raw material to system assembly, Microvast has developed a family of products covering a breadth of market applications, including electric vehicles, energy storage and battery components. Microvast was founded in 2006 and is headquartered near Houston, Texas. For more information, please visit www.microvast.com or follow us on LinkedIn or Twitter (@microvast).

Cautionary Statement Regarding Forward-Looking Statements

This communication contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as “will likely result,” “are expected to,” “will continue,” “is anticipated,” “estimated,” “believe,” “intend,” “plan,” “projection,” “guidance,” “outlook” or words of similar meaning. These forward-looking statements include, but are not limited to, statements regarding Microvast’s industry and market sizes, future opportunities for Microvast and Microvast’s estimated future results. Such forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond our control. Actual results and the timing of events may differ materially from the results anticipated in these forward-looking statements.

Many factors could cause actual results and the timing of events to differ materially from anticipated results or other expectations expressed in the forward-looking statements, including, among others: (1) risks of operations in the People’s Republic of China; (2) the impact of the ongoing COVID-19 pandemic; (3) the conflict between Russia and Ukraine and any restrictive actions that have been or may be taken by the United States and/or other countries in response thereto, such as sanctions or export controls; (4) risks related to cybersecurity and data privacy; (5) the impact of inflation and rising interest rates; (6) changes in the availability and price of raw materials; (7) the highly competitive market in which Microvast competes, including with respect to its hiring abilities, our competitive landscape, technology evolution or regulatory changes; (8) changes in the markets that Microvast targets; (9) heightened awareness of environmental issues and concern about global warming and climate change; (10) the risk that Microvast may not be able to execute its growth strategies or achieve profitability; (11) the risk that Microvast is unable to secure or protect its intellectual property; (12) the risk that Microvast may experience effects from global supply chain challenges, including delays in delivering its products to its customers; (13) the risk that Microvast’s customers or third-party suppliers are unable to meet their obligations fully or in a timely manner; (14) the risk that Microvast’s customers will adjust, cancel or suspend their orders for Microvast’s products; (15) the risk that Microvast will need to raise additional capital to execute its business plan, which may not be available on acceptable terms or at all; (16) the risk of product liability or regulatory lawsuits or proceedings relating to Microvast’s products or services; (17) the risk that Microvast may not be able to develop and maintain effective internal controls; and (18) the outcome of any legal proceedings that may be instituted against Microvast or any of its directors or officers. Microvast’s annual, quarterly and other filings with the U.S. Securities and Exchange Commission (the “SEC”) identify, address and discuss these and other factors in the sections entitled “Risk Factors.”

Actual results, performance or achievements may differ materially, and potentially adversely, from any projections and forward-looking statements and the assumptions on which those forward-looking statements are based. There can be no assurance that the data contained herein is reflective of future performance to any degree. Readers are cautioned not to place undue reliance on forward-looking statements as a predictor of future performance as projected financial information and other information are based on estimates and assumptions that are inherently subject to various significant risks, uncertainties and other factors, many of which are beyond our control. All information set forth herein speaks only as of the date hereof in the case of information about Microvast or the date of such information in the case of information from persons other than Microvast, and we disclaim any intention or obligation to update any forward-looking statements as a result of developments occurring after the date of this communication. Forecasts and estimates regarding Microvast’s industry and end markets are based on sources we believe to be reliable, however there can be no assurance these forecasts and estimates will prove accurate in whole or in part.

Non-GAAP Financial Measures

To provide investors with additional information regarding our financial results, Microvast has disclosed in this earnings release non-GAAP financial measures, including non-GAAP adjusted gross profit (loss), non-GAAP adjusted EBITDA and non-GAAP adjusted net loss, which are non-GAAP financial measures as defined under the rules of the SEC. These are intended as supplemental measures of our financial performance that are not required by, or presented in accordance with U.S. generally accepted accounting principles (“GAAP”).

Reconciliations to the most comparable GAAP measures, gross profit (loss) and net income (loss), are contained in tabular form in the unaudited financial statements below. Non-GAAP adjusted gross profit (loss) is defined as gross profit (loss) excluding non-cash settled share-based compensation expense. Non-GAAP adjusted net loss is defined as net loss excluding changes in fair value of our warrant liability and convertible notes and non-cash settled share-based compensation expense. Non-GAAP adjusted EBITDA is defined as net loss excluding depreciation and amortization, non-cash settled share-based compensation expense, interest expense, interest income, changes in fair value of our warrant liability and convertible notes and income tax expense or benefit.

We use non-GAAP adjusted gross profit (loss), non-GAAP adjusted EBITDA and non-GAAP adjusted net loss for financial and operational decision-making and as a means to evaluate period-to-period comparisons. We consider them to be important measures because they help illustrate underlying trends in our business and our historical operating performance on a more consistent basis. We believe that these non-GAAP financial measures, when taken together with their most directly comparable GAAP measures, gross profit (loss) and net income (loss), provide meaningful supplemental information regarding our performance by excluding certain items that may not be indicative of our recurring core business operating results.

We believe that both management and investors benefit from referring to these non-GAAP financial measures in assessing our performance and when planning, forecasting, and analyzing future periods. These non-GAAP financial measures also facilitate management’s internal comparisons to our historical performance. We believe these non-GAAP financial measures are useful to investors both because (1) they allow for greater transparency with respect to key metrics used by management in its financial and operational decision-making and (2) they are used by our institutional investors and the analyst community to help them analyze the health of our business. Accordingly, we believe that these non-GAAP financial measures provide useful information to investors and others in understanding and evaluating our operating results in the same manner as our management team and board of directors.

Non-GAAP financial measures have limitations as an analytical tool, and you should not consider them in isolation, or as a substitute for, financial information prepared in accordance with GAAP. For example, our calculation of non-GAAP adjusted EBITDA may differ from similarly titled non-GAAP measures, if any, reported by our peer companies, or our peer companies may use other measures to calculate their financial performance, and therefore our use of non-GAAP adjusted EBITDA may not be directly comparable to similarly titled measures of other companies. The principal limitation of non-GAAP adjusted EBITDA is that it excludes significant expenses and income that are required by GAAP to be recorded in our financial statements. In addition, it is subject to inherent limitations as it reflects the exercise of judgments by management about which expense and income are excluded or included in determining this non-GAAP financial measure. In order to compensate for these limitations, management presents non-GAAP financial measures in connection with GAAP results. In addition, such financial information is unaudited and does not conform to SEC

Regulation S-X and, as a result, such information may be presented differently in our future filings with the SEC. For example, due to warrant liability resulting from the merger, we now exclude changes in fair value from net loss in our non-GAAP adjusted EBITDA and non-GAAP adjusted net loss calculation, which had not been done in prior periods.
